

NPES Names Wayne Wasulko, President & Founder of RIPit, to NPES Board of Directors

May 16, 2005 – CITRUS HEIGHTS, CA – RIPit Computer Corp. today announces that company president and founder, Wayne Wasulko, has been elected to the Board of Directors of NPES (The Association for Suppliers of Printing, Publishing, and Converting Technologies). Wasulko's appointment was announced at the NPES spring meeting in Sante Fe, New Mexico.

"I'm honored to serve on the Board of such an important organization," says Wasulko regarding his appointment. "NPES has a strong history and reputation for promoting education, research and government policy, product safety and industry standards. I look forward to contributing to the association's fulfillment of its mission and goals."

About NPES

NPES is a U.S. trade association representing nearly 400 companies that manufacture and distribute equipment systems, software and supplies used in every printing, publishing and converting process from desktop design and image generation and processing to multiple output options and targeted dissemination systems. NPES is a co-sponsor of PRINT[®] and CONVERTINGSM, GRAPH EXPO[®] and CONVERTING EXPO[®], the leading expositions of printing, publishing and converting technologies in the Americas, GUTENBERGSM & DIGITAL OUTPUTSM in Los Angeles, California, and the VUE/POINT[®] Conference.

Complete information about the Association, its programs and its member companies, including a full list of the board of directors, is available on the World Wide Web at: <http://www.npes.org>, by email at npes@npes.org, by telephone at 703-264-7200, or by fax at 703-620-0994.

About RIPit

Since 1990, RIPit has been designing its solutions to be customizable and easily integrated into graphic arts workflows worldwide. Today, RIPit's superior workflow and CTP solutions for the small to midsize print shop are the choice of the majority of quick printers and franchises in North America. Award-winning, Adobe PostScript 3 RIP technology is the cornerstone of RIPit's high quality, easy-to-use range of hardware and software solutions.
